I APPRENTICE PLUMBER

An excellent opportunity has arisen for an apprentice plumber to join the Seddon team.

What you'll do

- Install pipes and fixtures.
- Install and repair water, drainage, and gas pipes.
- Install plumbing fixtures - bathtubs, showers, sinks, and toilets.
- Lay new pipes in homes under construction, which can involve cutting pipe, sawing wood and welding
- Replace worn parts.
- Installation of pipes for sprinkler systems, fire suppression, drinking fountains, commercial kitchens, fountains and irrigation systems.
- Liaise and work with all other trades as required.

Have you got what it takes?

- Professional conduct and behaviours.
- Desire to complete relevant qualifications and assessments.
- Good attendance records.
- Ability to follow Health & Safety procedures.
- Manual dexterity.
- Good communication skills.
- Problem solving skills.
- Ability to adapt to a changing environment.

I APPLY NOW

Reporting to: Mechanical Services Manager

Location: North West - Bolton
